LOYOLA PRESS UPDATES

AUGUST 2021

If your parish or school uses Loyola products, they released some new updates.

Finding God Grades 7-8 – Coming August 2021!

The Finding God Junior High program reaches the whole person through multiple points of engagement, accompanying young people as their place in the story of the Catholic faith is revealed through art, music, authentic witness, media, prayer, substantial content, and service to others. This new, innovative edition is available in two formats: Enhanced with Multimedia and Flipped Classroom. I have attached two flyers that introduce the two formats.

Wanderlight – An unapologetically Catholic video game.

Wanderlight is an immersive digital game that helps children and their families learn and deepen the practice of our Catholic faith. The game invites players to take the role of “the Pilgrim” and explore Catholic teachings in an engaging virtual world. Wanderlight includes a Learning Management System to track and assess student progress.

Growing With God – Multi-faceted, innovative K – 8 child safety and family life program.

Offers a practical and systematic approach to child safety and social and emotional development based on the belief that protecting children from abuse is a the shared mission of families, parishes, schools and communities. This program empowers children to respond to troubling and potentially dangerous situations using best-practice strategies and techniques and to see themselves and others as children of God inherently deserving of respect and care.
