Occupation: Assessment Consultant, Riverside Publishing

Summary: After 23 years as a teaching/reading consultant, I pursued an opportunity to enter the private sector with Riverside Publishing, an educational assessment company that is a division of the Houghton-Mifflin Co. My territory is the entire state of Michigan including the U.P. As an assessment consultant I provide school districts with a variety of assessment tools and train the staff to use these products. My second largest customer is the Archdiocese of Detroit and I have spent many

a day in these schools including Sacred Heart. I have been at this now for 8 years and would eventually like to retire from this position.

My husband, Chuck, is in his 31st year of teaching and still enjoys middle school students, well most days anyway! During the fall our Saturdays are spent at MSU football games. Along with my sister Ellen, her husband Tim Edwards (both SHHS Class of '71) and the rest of the clan, we put on quite the tailgate party. All of our children have been or are students at MSU. As diehard MSU fans, we also enjoy basketball season.

Our oldest son, Jayce, graduated from MSU in 2001 and has recently returned to pursue his degree in education. He wants to teach middle or high school social studies and coach football and basketball. Adam, our youngest son, graduated in May 2004 with a degree in Civil Engineering and hopefully will find a job soon after. Neither are married or seriously dating. I am not a mother-in-law or a grandmother and that's just fine with me for now! I look forward to getting reacquainted with members of the Class of '69.

Summary: 35 years have gone in the blink of an eye, filled with the rigors, blessings, trials and tribulations of raising a family, nurturing a marriage, establishing a career, and building relationships. Funny how life takes turns that you never anticipated and how those turns become such blessings. I had never dreamed that I would only have sons (as a result, my husband and I began a scout troop in Mason, which has grown to be one of the largest in our district. All of our sons are Eagle Scouts), that I would reside in a small rural town (going back to the Dearborn area is like experiencing life in fast gear!), nor that my vocation would be in lay ministry (in 1999 I received the national "Religious Educators Excellence Award".) But here I am, all these years later, looking back and saying, "Wow, what an awesome journey it has been". I've become an avid gardener, enthusiastic backpacker, ardent arts/crafts person, and have a passion for taking long bike rides. I look forward to the next 35 years!
