GOSPEL MEDITATION

23rd Sunday in Ordinary Time

What virtue is the cornerstone of discipleship? Love. Jesus preached about it, lived it, and summarized his greatest commandment featuring it. Love is in our DNA. To follow Jesus, then, is to follow the path of love. While this may appear to be an attractive and easy option, it most assuredly is not. Authentic love always comes with sacrifice. It is the complete giving of oneself to another. The sacrificial character of love always requires that we leave something aside and pursue something else. This is at the heart of self-denial. Love asks us to make choices that are often difficult. There is a reason Jesus asks that the love of God come first. "Charity is the right attitude of mind which prefers nothing to the knowledge of God. If a man possesses any strong attachment to the things of this earth, he cannot possess true charity (St. Maximus the Confessor)." "If anyone comes to me without hating his father and mother, wife and children, brothers and sisters, and even his own life, he cannot be my disciple." A devoted disciple must be single-minded in her quest for God. She cannot allow anyone or anything to have more power over her soul than God. When any earthly attachments become more important than Love, we can get ourselves into trouble.

The Gospel calls us to walk boldly into the darkness, confusion, and emptiness of the world clothed in the mantle of love. We are asked to walk with others on their journey, offering a supportive, healing, challenging, and faithful presence. Ours is not to judge. To walk this sacrificial journey means that I must put myself aside and focus on the needs of others. "A sacrifice to be real must cost, must hurt and must empty ourselves (St. Teresa of Calcutta)." Love helps us walk straight and focus to see things more clearly and help others to do so as well. Many folks struggle to find joy and meaning in life. People may simply need someone with the freedom to sit with them in their pain, so they don't feel so alone. Through acts of kindness, gestures of acceptance, and words of compassion, burdens can be lightened. Believe in God's love and seek it above all other things!

Manitowoc podcast aims to grow faith

BY SUZANNE WEISS | FOR THE COMPASS

MANITOWOC — The soundtrack of the wildly popular Broadway show “Hamilton” inspired Cameron Gruenke to start a Catholic podcast with his friend, John Christianson.

The hip-hop musical about Founding Father Alexander Hamilton features the song “Who Lives, Who Dies, Who Tells Your Story,” which addresses how Hamilton might be remembered after death.

“I thought if I died tomorrow, who tells my story?” Gruenke asked. “I thought about all of the people in our parish who I don’t really know, who maybe I would see only at the parish picnic or at Easter Vigil. Well, why don’t we just have those people tell their story?”

The two started “Humbly Speaking,” a St. Francis of Assisi Parish podcast, this past spring. They feature a different guest from their Manitowoc parish in each episode and simply offer an open-ended discussion about their faith journeys.

The parish has provided

a microphone, USB mixer for allowing the playing and recording of audio directly into the computer, headphones, pop filters to prevent audio distortion, as well as a studio space in the parish office.

Gruenke, 29, said he felt it was important for parishioners to get to know other people in the parish in order to build a stronger

Catholic community.

“We only see them an hour on Sunday, but it’s important to give people a perspective on how the Catholic life is lived outside of the walls of the church because God doesn’t ask us to be a Catholic for an hour on Sundays.

FRANKLY, FRANCIS

Dear Brothers and Sisters,

Old age is the fitting time for the moving and joyful witness of expectation. The elderly man and woman are waiting, waiting for an encounter.

In old age, the works of faith, which bring us and others closer to the Kingdom of God, are by now beyond the power of the energy, words, and impulses of youth and maturity. But precisely in this way, they make the promise of the true destination of life even more transparent.

And what is the true destination of life? A place at the table with God, in the world of God.

It would be interesting to see whether, in local churches, there is any specific reference intended to revitalize this special ministry of awaiting the Lord — it is a ministry, the ministry of awaiting the Lord — encouraging individual charisms and community qualities of the elderly person.

When European WWII refugees came to Wisconsin

BY LISA HAEFS | FOR THE COMPASS

ANTIGO — “I was 32 years old when the war came to our area in the form of German invasion and occupation.”

Those words, typed in the front of the book “Vengeance of the Swallows,” a memoir of Polish World War II refugees, serve as a prelude to introducing one of

the Catholic church’s early programs to assist refugees from war-torn areas, and its links to the Green Bay Diocese.

Sept. 2 is the 77th anniversary of the signing of the documents of surrender aboard the USS Missouri in Tokyo Bay, Japan — effectively ending World War II. Earlier, on May 7, 1945, representatives from the Allied high command had

accepted the unconditional surrender of Nazi Germany, officially ending the war in Europe.

“August and Ruby were wonderful people,” said Susan Holubecki Steiner, Stanislaw’s daughter, who was 9 at the time. “They treated us very well.”

Our full story appears in the Aug. 26 issue.

5 THINGS YOU SHOULD KNOW

St. Michael the Protector

BY PATRICIA KASTEN | THE COMPASS

- 1 The Feast of the Archangels is Sept. 29. However, before the 1970 revision of the church calendar, only St. Michael was honored on Sept. 29.
- 2 The day was sometimes called "Michaelmas" — short for "Michael's Mass." It was, for a time, a holy day of obligation.
- 3 St. Michael's feast was considered to end the harvest year and filled with celebrations, parades and harvest feasts.
- 4 Michael's name — *Mikha'el* — means "Who is like God?" Michael is called the military leader of the angels and protector of God's Chosen People.
- 5 The Sept. 29 feast date comes from the fifth century dedication date of the *Basilica Archangeli in Septimo*, a church about six miles from Rome. It no longer exists.

After knee surgery: Counting my blessings

Dear friends and followers of Jesus:

As you may know, in July I had knee replacement surgery. Anyone who has experienced this surgery or other major surgeries knows that the

BISHOP'S CORNER

Bishop David Ricken

road to recovery is long. I am pleased to report, however, that I am making good progress. As I continue on my journey, I want to share my gratitude for the many people who have supported me and offer some insight on what this experience has taught me.

First of all, I cannot possibly express my sincere gratitude for your prayers during my surgery and recovery. Your prayers are very powerful; they are tangible and palpable. This experience has helped me see just how powerful and effective intercessory prayer can be. What a beautiful tradition we have within the Catholic Church that

we can pray and offer sacrifice for each other, as well as seek the intercession of the "cloud of witnesses" who have gone before us. When the people of God unite in prayer, there is so much that we can do. Thank you for taking time to pray for me, and I humbly ask you to keep me in your prayers as my recovery continues.

I am so grateful for the doctor, the nurses and staff of HSHS St. Clare Memorial Hospital in Oconto Falls for their excellent care. They belong to a partnership between the Hospital Sisters Health System (HSHS) and Prevea Health. HSHS began with a small group of religious women in the 19th century and has grown to serve people throughout Wisconsin and Illinois. Their commitment to providing health care rooted in their faith is an inspiring example of missionary discipleship. I am also grateful for the home health care that began my rehabilitation program here and for my follow-up care with a local physical therapist.

St. John Bosco
Catholic School

Volume 11, Issue 2
September 2022

From the Principal

With the start of something new comes the hope of something great! Aside from graduation, the first day of a new school year is one of the most exciting as it symbolizes the opportunity, potential and promise brought by a new beginning. This year we are celebrating our 15th year as St. John Bosco Catholic School. The combining of Corpus Christi, St. Joseph and Saints Peter and Paul schools were the foundation for St. John Bosco in 2007 continuing with the rich history of Catholic education in Door County. That spirit of education has been in our hearts ever since, and it is played out at St. John Bosco every day. Here, every student is valued. Learning is celebrated. Faith is strengthened. And we provide the rigorous, advanced education that our children need. St. John Bosco was founded in faith. We help students realize the full potential of their God given abilities. Bringing Christ's message of service to others above self and the promise of eternal life that raises Catholic education to a higher level. We also rise to the high standards of instruction in today's world demands, particularly in reading, math, science and technology. To do all of that in a way that no one else could claim is an identity that could only be St. John Bosco. Our school challenges students and teachers to go beyond the status quo and exceed expectations. We are "Committed to Excellence." We are St. John Bosco.

New in 2022-2023

Mrs. Barganz, 3rd Grade

I am very excited to be teaching third grade! I love building a classroom community, being positive, and helping students develop a lifelong passion for learning.

Fun Facts: I enjoy watching my kids and their various activities at each stage of life. My middle child is a senior playing on the football team for Sturgeon Bay; and my youngest will be starting her freshman year and playing volleyball. My oldest son graduated in 2021 and is working at TTX.

Mr. Bero, Middle School Science

I am looking forward to working with students and getting them to think like a scientist by looking at the world around them and seeing the beauty in all that God created for us to learn. I love the razzle and dazzle of things that create awe and gets a student thinking "What if we did this?". It creates one of the first things we need as a scientist—the question or hypothesis.

Fun Facts: I am a volunteer for Civil Air Patrol, and I am just finishing up my four years of being a Unit Commander of the Brown County Senior Squadron. I also went to Space Camp in Huntsville, AL where I learned new techniques of working STEM into my science classes.

Mrs. Bero, Middle School Band and Music

I enjoy teaching music because it involves so many

other subjects. It is a multifaceted way of learning where every learner can enjoy and find success in a way suited to their learning style. Music involves playing, singing, moving, feeling/emotion, discipline, agility, hand-eye coordination, reading, history, math and science just to name a few.

Fun Facts: I'm just happy to be here! Mr. Bero (the science teacher) and I have two grown sons who are both Engineers. We enjoy traveling, especially to Texas, where we spend time with our oldest son, his wife and our two granddaughters.

Mr. Orns, Physical Education

I like teaching students' new skills that they can practice and improve on each year. I also like teaching them activities that they can play for the rest of their life.

I taught Physical Education, coached high school boys basketball and was the Athletic Director for 14 years at Chetopa Public Schools in Kansas before moving to Sturgeon Bay four years ago.

Fun Facts: I have 6 children—ages 7 to 31. My family and I love to travel in our free time. Whether it's little, small trips around the area to long road trips, we are game for anywhere.

Ms. Schwartz, Kindergarten

While I have loved my three years in third grade at St. John Bosco, I am overjoyed to get back to my roots in kindergarten. My passion is teaching foundational reading and math skills that students need to be successful through their education. I enjoy helping students develop a love for school and learning.

Fun Fact: I've wanted to be a teacher and follow in my grandma's footsteps since I was little. Grandma Schwartz taught in a one-room schoolhouse in Forestville.

Mrs. Gulley, 4K

I am excited to experience my first year in 4K with all of my students! I have worked in kindergarten for the past 4 years, so I am excited to experience all of the firsts that come along with a new school and new school year right along with the kiddos!

Fun Facts: I love spending time with my family, my husband Austin and our dog Remi. I love spending time outdoors exploring new hiking trails, playing and coaching softball, and running.

Mrs. Grim, PM Administrative Assistant

I previously worked at Sturgeon Bay School District where I worked in the Food Service Department. I am a proud US Coast Guard spouse and have two sons, who both attend St. John Bosco and are in 2nd and 3rd grade. I am very excited to work in the school that my boys attend and am looking forward to meeting all the awesome SJB students.

Fun Fact: Prior to moving to Sturgeon Bay, we lived in Ketchikan, Alaska.

Mrs. Karnopp, Elementary Music Teacher

I am very happy to be back teaching music! I retired in 2020 and miss kids so much. Everyone at St. John Bosco has been so welcoming to me.

My favorite thing about teaching music is hearing the voices of children singing. Every day is a new adventure with new songs and lessons. I look forward to meeting the students and families of St. John Bosco. And I look forward to the Christmas concert!

Fun Facts: I was born and raised in Door County. I graduated from Southern Door High School. My parents still live in Little Sturgeon. I went to college with Mrs. Bero (new band teacher), and we were college roommates!
