The practice of Eucharistic Adoration only makes sense in light of the Catholic understanding of the Eucharist as the Real Presence of Jesus. Catholics believe that Jesus is truly there, in a special way not found anywhere else in the world. It is as if we were walking next to Jesus when he was on this earth. A short story in the life of Saint Teresa of Avila perfectly summarizes the reasoning behind Eucharistic Adoration. One day Saint Teresa heard someone say, "If only I had lived at the time of Jesus ... If only I had seen Jesus ... If only I had talked with Jesus."

She responded, "But do we not have in the Eucharist the living, true and real Jesus present before us? Why look for more?"

Please note the hours in red below — our parish is in urgent need of volunteers for those times.

## From Our Pastor

It's fitting that our national election day is always juxtaposed with All Saints Day. It reminds us where true power lies. We as Catholics witness to the truth that a poor, simple nun like Saint "Mother" Teresa can have an impact on our world that is far more potent than even leaders of great nations.

In too many ways we give in to the cult of celebrity worship regarding our politicians. We elevate them as some sort of larger-than-life saviors who are to deliver us from all our social, economic, and moral problems. The President is to be an ambassador and executive, nothing more, with plenty of checks and balances over the office. If we are expecting our politicians to direct the course of our family and moral lives, then we have given away too much power. This is not the work of presidents, but the work of mothers, fathers, priests, nuns, and all of God's most simple peasants.

So, yes, vote. Be true to your faith and your conscience. But remember that there is a greater work to be done. Hunger for holiness. Become a saint. A president is to conduct temporal business of the state. We are to manifest the eternal Kingdom of God.

## HOW

### can we save unborn children?

Citizens can take action in three ways:

#### EDUCATION

We must continue to educate on the facts about unborn children and abortion with a coordinated effort to reach out to all Americans with accurate information.

#### ALTERNATIVES

We must care for both mother and child by supporting alternatives to abortion for women facing crisis pregnancies.

#### LEGISLATION

Legislations is needed to protect unborn babies and their mothers and ensure that the most basic human right—the right to life—is reflected in the law.

### Please join us in prayer:

*Eternal God, you have revealed yourself as the Father of all life.*

*We praise you for the fatherly care which you extend to all creation, and especially to us, made in your image and likeness.*

*Father, extend Your hand of protection to those threatened by abortion, and save them from its destructive power.*

*Give your strength to all fathers, that they may never give in to the fears that may tempt them to facilitate abortions.*

*O Mary, Mother of Jesus and Mother of us all, we pray today for all mothers who are afraid to be mothers. We pray for those who feel threatened and overwhelmed by their pregnancy. Intercede for them, that God may give them the grace to say yes and the courage to go on. May they have the grace to reject the false solution of abortion. May they say with you,*

*"Be it done unto me according to your word."*

*May they experience the help of Christian people, and know the peace that comes from doing God's will.*

*Dear Lord, bless our families and bless our land, that we may have the joy of welcoming and nurturing the life of which you are the source and the Eternal Father.*

Amen.
