

# St. Dorothy

## ROMAN CATHOLIC SCHOOL

Spiritual, Academic, Moral Preparation for the 21st Century

FALL/WINTER 2014/2015

## A Fond Thank You to Bob Young

**By Fr. Michael Murphy  
Pastor, St. Dorothy Church**

It is hard to believe that our Development Committee has been in existence more than ten years. The genesis of the committee came during a period of concern about our school's enrollment. The parish became aware of the need to market the school and also to trumpet the many blessings it brings to our parish community. To that end, the Development Committee was formed. Dr. Steven Porth served as the inaugural chair. After serving two years, Dr. Porth suggested that his successor should be Mr. Robert Young. At the time, two of Bob's children were already attending our school and a third was soon to follow. Bob accepted the challenge of moderating our committee and worked tirelessly for the next eight years.

Under Bob's leadership and guidance, the Development Committee has helped St. Dorothy School thrive. Enrollment has consistently increased and many capital improvements have been made to the facilities. Education is rapidly changing; to keep up with these changes, we needed to purchase new equipment. We now can boast of an interactive white board in every classroom, wireless Internet throughout our campus, iPads available for all grades, and many other improvements made for the educational welfare of our children.

Bob was always available to serve the needs of our parish school. But Bob did more than serve the school, he dreamed of ways to expand our reach. One dream was to showcase the artistic talents of Catholic school students. He

didn't just stop at the dream; he brought it to fulfillment. In the spring of 2014, St. Dorothy Parish hosted the first ever Celebration of Catholic Schools and the Arts. Local parish schools, high schools, and even Catholic universities performed at the festival. They sang, played hand bells, performed a scene from a musical, entertained us with jazz music, and, overall, showcased the many talents of Catholic school students. Catholic education rests upon our strong belief in God-given talents and Catholic schools exist to help students recognize that they are God's children and belong to Him. Because of Bob's tireless efforts on behalf of our school, we are continuing that mission of educating our school students in the ways of faith.

In June of 2014 Bob Young's last child graduated from Saint Dorothy

School and he tendered his resignation as chair of the committee. At Bob's recommendation, and in consultation with our school principal Mrs. Louise Sheehan, Mr. Peter McGahey was invited to succeed Bob. Peter was already a member of the Development Committee and he assumed this responsibility without hesitation. I am confident that Peter will continue to build upon the successes accomplished under Bob's leadership. And, I must admit, I am extremely happy that Peter has four sons. The oldest is in seventh grade at our school, but the youngest is only one year old. So we hope to enjoy Peter's leadership for quite a few years. Once again, I want to thank Bob for his hard work and congratulate Peter on his willingness to serve his parish community and school.

*Bob Young and his family: Bob ('12), Annie ('11), Grace ('14), and Annette.*

# Dot's Runners Take Medals at Archdiocesan Champs

The CYO Philadelphia Cross Country Championship was held on Sunday, October 26th at Belmont Plateau in Philadelphia's Fairmount Park. There were 97 parishes represented and more than 2,000 runners took part in this event.

Races ranged from 2 kilometers (1.24 miles) for the third grade and under sub-novices, to 4 kilometers for the seventh and eighth grade cadets born in 2001 or earlier. The top fifteen runners in each race received medals. This year, Saint Dorothy had four medal winners: Molly Mishinkash, Ricky Lee, Mark Fohner, and Ciaran McGahey. The 2014 Saint Dorothy Cross Country team had more than 60 runners from kindergarten to eighth grade. The runners had an incredible season and improved tremendously from the end of August through October. Great job, St Dot's XC!

*Coach Mike Fohner, Molly Mishinkash ('20), Ricky Lee ('20), Mark Fohner ('21), Ciaran McGahey ('23), and coach Bob Gross.*

## Newsletter purpose

The Newsletter for St. Dorothy Roman Catholic School is compiled by the Development Committee for distribution to alumni, alumni parents, current school families, and friends of St. Dorothy School. Its purpose is to communicate, on a semi-annual basis, the state of our enrollment, happenings of interest, an accounting of funds raised and spent, and to acknowledge contributors to our Annual Fund.

# OKTOBERFEST: TEN TIMES THE FUN

**By Steve Porth, Founding Chair of the Development Committee**

The St. Dorothy Oktoberfest Fair celebrated its 10th anniversary this year. The Fair has become one of the highlights of the year for all parishioners, young and young at heart – a week of family, friends and fun.

The origin of St. Dot's Fair dates to the spring of 2005 and the founding of the Development Committee. At the time, enrollment in our parish school had dropped for a fourth consecutive year and stood at 351 students. A proposal to collapse the third and fifth grades into one class per grade was being considered. Rather than merge the classes, our pastor Fr. Murphy decided to form the Development Committee and agreed to keep all classes split for two years as long as the combined enrollment was at least 30 students. The Development Committee's first meeting was in April 2005 when it agreed to focus on friend-raising and fund-raising to support St. Dorothy School. The committee created two major fundraisers, the Oktoberfest Fair and the Annual Fund, that together have raised over \$1 million for the school. These funds have been used to enhance the school in many ways, including facilities upgrades and new and improved educational technologies. Fast forward ten years to today and our parish school is strong and vibrant. Our enrollment continues to increase and now stands at 435 students.

We wish to thank the thousands of sponsors, volunteers, and participants who have supported the Development Committee and the St. Dot's Oktoberfest over the past ten years. Your contributions are part of the success of our school. We want to particularly thank three original members of the Development Committee and their families, Karen Rogers, Patty Dwyer and Bill Nolan who, along with Kara Albanese, continue to coordinate the Fair today. Happy 10th Anniversary!

*Visitors came from far and wide to enjoy the fair.*

*The bear prizes are ready to head over to the Oktoberfest Fair for the guessing game.*

*Third grade teacher Mrs. Liberatore and Kindergarten teacher Mrs. Monastra helped out at the fair.*

## **Businesses Help Students Attend St. Dorothy School**

Through the Pennsylvania Educational Improvement Tax Credit (EITC) tens of thousands of dollars in financial aid has allowed families that would not otherwise be able to afford a Catholic education to send their children to St. Dorothy School.

We extend a special thanks to our current program participants:

**Dennis Cirucci, Alliance Bank**  
**Robert DiMento**  
**Paul D'Emilio, Attorney at Law**  
**Dan O'Mara, State Farm Insurance**  
**Pete Windle,**  
**Windle Mechanical Solutions**

If you would like to consider participating in this program, please contact the parish business manager Joe Dougherty at 610-789-7788 to discuss the requirements.

## New School Website

This past summer the school website was given a major upgrade! It all started with changing the website platform to the eCatholic model that is used by other schools in our area. The eCatholic version allows for easy content editing by non-technical authors and offers a number of attractive design templates that support both traditional desktop browsers and mobile devices. Features of the new website include an improved online calendar, a “Homework Express” section that allows for quick linking to the most-used pages, strong social

media integration, and strong traffic analysis tools that tell us how the site is being used. And, not only is the website now more powerful and user-friendly, eCatholic is less expensive than our previous web hosting provider.

The improvements are not going to stop here. We are continually looking for new and better ways to use the website to provide comprehensive information to all of the St. Dot’s family both current and our alumni. If you have not already, please be sure to check it out at [www.saintdorothy.org!](http://www.saintdorothy.org!)

## New Storage Area

Do you remember having to carry chairs up and down the stage stairs when setting up for an assembly in the gym? Or dragging tables over to the small storage bin by the scoreboard after an event? Well those days are over! To provide a place to store equipment left in the gym and on the stage, such as the chairs and tables, a storage area was constructed. This room, equal to the size of a three-car garage, connects to the gym. Not only does this new room keep the gym tidy, it also provides a much safer environment for the students. Improvements like this major construction are only possible through the generosity of our donors. Thanks to everyone who contributes.

## O’Hara Big Buddy Program

By Laura Onimus,  
Class of 2012

Cardinal O’Hara High School’s Big Buddy program brings students from O’Hara and second graders from St. Dorothy School together for a time of sacramental preparation, bonding, and fun. The purpose of this program is for the older and younger students to get to know each other and share time together. The O’Hara students hope to become role models for the little ones, and most importantly help the second graders as they prepare to receive their sacraments. During many visits throughout the school year, the students get to know each other, complete seasonal crafts together, and develop friendships. Big Buddy is an exciting activity that benefits both St. Dot’s and O’Hara students because everyone enjoys their “buddy time” together!

## Science Partners Enhance Education

Students from Cabrini College in Radnor visited Kindergarten and first and second grades to teach science lessons and involve our students in science experiments. Some topics included: senses, weather, heat, sound, and light.

Dr. Sue Johnston from Delaware

Valley Science Fairs guided our students in Grades 6–8 in an experiment in which they had to design a structure that would withstand an earthquake that measured a magnitude 7 on the Richter scale. Using wooden blocks, the students learned how to position them so that they would

remain stable during the earthquake.

Dr. Catherine Bentzley, Associate Professor of Chemistry at University of Sciences, conducted experiments with our seventh grade students. She demonstrated how chemicals react when combined with different ingredients.

*Dr. Bentzley impresses our seventh graders in the St. Dorothy science lab.*

# Happenings

## Home & School Association Update

The Home & School Association started the school year with our first fundraiser in August, working with Flocco's Shoes to sell nearly 95 pairs of school uniform shoes! Over the summer break we also funded the faculty recertification in first aid and CPR in preparation for the start of the school year. With your support of Home & School fundraising, grades K to 8 have received various online reading subscriptions, Scholastic News subscriptions, and online reading programs for classroom use this school year.

During the month of October, we celebrated the 10th anniversary of the Oktoberfest Fair with a commemorative spirit wear T-shirt. We sold out in only two days. Later in October, students in grades 5 to 8 hosted and entertained grandparents and special people in our gymnasium. Guests were treated to a continental breakfast and visits to the classrooms. Our spring Grandparents/Special Persons Day, for guests of students in grades K to 4, will take place on April 24, 2015.

After the annual Halloween Parade, Home & School entertained our students with a laser light show performed by Prismatic Magic. Students learned about the amazing world of

lasers, optics, and photonics. The assembly combined science, technology, art, and music all in one program! Speaking of science, with your support we have been able to upgrade our science lab. This is a great use of funds and will keep our science program competitive. The shelves have been cleared, cleaned, and stocked with new equipment and supplies to meet the needs of today's learners.

Young Authors Day took place on November 12. Through Home & School sponsorship, sixteen authors, artists, storytellers, and musicians spent the day at St. Dorothy helping our students write and illustrate stories. It was a wonderful experience.

On December 6, we held our annual Christmas Bazaar! It brought our school and parish communities together for a fun and festive day. Despite some uncooperative weather, we hosted over 35 vendors. Santa's Secret Shoppe, which allowed students to shop for family and friends, and a sale of home-baked treats were just a few of the highlights. In the spirit of Catholic service, our seventh and eighth grade Service Corps members eagerly helped with numerous duties, and they were an integral part of the bazaar's success! Thank you to all the volunteers, bakers, and wrappers who helped that day.

The Franklin Institute brought a traveling science show on energy to St. Dorothy. With your support, we were able to fund the performances of three different age-appropriate assemblies for students in all grades. The presentations explored the transfer of energy, thermodynamics, and the law of conservation of energy and had the children on the edges of their seats.

As always the Home & School Association is eager to hear any questions, concerns, or recommendations you may have. Please email us at [homeandschoolassociation@saintdorothy.org](mailto:homeandschoolassociation@saintdorothy.org).

### 2014-2015 School Enrollment

Kindergarten	49
Grade 1	48
Grade 2	49
Grade 3	40
Grade 4	53
Grade 5	45
Grade 6	46
Grade 7	57
Grade 8	48
Total enrollment:	<u>435</u>

Kindergarten teacher Mrs. Neill and first grade teacher Mrs. McGee showed the students that even grown-ups enjoy a Halloween parade.

# New Teachers at St. Dot's...

*Miss Dougherty*

## **Miss Joanne Dougherty, Kindergarten/First Grade Aide**

Miss Dougherty is a proud St. Dorothy graduate ('93). She graduated from Cardinal O'Hara High School and received a degree in Liberal Arts from Delaware County Community College. She is currently attending Penn State University and working toward a Bachelor's degree in Human Development and Family Studies. She has been working in the childcare field for fourteen years and loves our St. Dorothy students. In her free time, she enjoys spending time with her family and friends. She also likes to read books, go to the movies, and visit the beach.

## **Mrs. Diana O'Connor, 1st Grade**

*Mrs. O'Connor*

Mrs. O'Connor first arrived at St. Dorothy last school year as a long-term substitute for Mrs. McGee. It was a wonderful experience and she feels blessed to continue as the new first grade teacher and grade partner of Mrs. McGee. Mrs. O'Connor is a Havertown resident who married her high school sweetheart. Her three children, Kayla, Rebecca, and Sean keep her busy. She earned a Bachelor's degree in Elementary Education from Mansfield University and began her career at The Goddard School in Exton. She taught fourth grade at St. Charles Borromeo in Drexel Hill until taking a sabbatical after Rebecca was born. While being a full-time mother, she volunteered at her children's preschool and was a homeroom mom, Brownie leader, and CCD teacher. She also became involved with the Lawrence Park Swim Team where she is currently vice president. Her heart led her back to teaching, and we are lucky to have her at St. Dorothy. Being a parent to three very active children doesn't leave her with much free time, but she spends what time she has at her children's year-round swim meets and other sporting events. When she has time to herself, she enjoys reading a good book, creating crafts, managing her garden, and going for walks.

## **Mrs. Lauren O'Doherty, 6th Grade**

*Mrs. O'Doherty*

Mrs. O'Doherty is teaching fifth and sixth grade Science as well as sixth grade Social Studies. A life-long resident of Delaware County, she graduated from Ridley High School and received a cum laude Bachelor of Science degree in Elementary Education from Shippensburg University. After working as a head teacher and as director of a preschool and as a head teacher in an extended day kindergarten program at Devon Elementary School, she married her high school sweetheart and became a full time mother upon the birth of her first child, Sean Reilly. Daughters Ella and Abbey soon followed. Mrs. O'Doherty is a member of St. Madeline parish in Ridley Park, the parish where her husband grew up. After reentering the profession as a substitute teacher at the Episcopal Academy and in the Brandywine School District, she joins us at St. Dorothy. In her spare time, she enjoys watching her children's sports teams (they are a big lacrosse family!), reading, going to the beach, and taking rides on her boat.

## **Ms. Caroline McShane, 8th Grade**

*Ms. McShane*

Ms. McShane teaches Pre-Algebra, Algebra 1, and eighth grade Religion at St. Dorothy. She spent her childhood in Media, PA as a member of St. Mary Magdalen parish, where she attended elementary school. She then graduated from Merion Mercy Academy. She received a Bachelor's degree in Elementary Education with a minor in Special Education and is certified in mid-level Mathematics. She has also taught second, third, and fourth grades. After her recent wedding in November 2014, she moved to Conshohocken, PA.

## **Señor Manuel (Manny) Colmenares, Spanish**

*Señor Colmenares*

Señor Colmenares was born into a strong Catholic family in the city of Oaxaca, the capital of the state of Oaxaca in Mexico. At an early age he moved to Mexico City and was introduced to the English language at The Modern American School. He later enrolled in The Miller School, then a military academy, in Virginia near Charlottesville. After receiving an Associate Degree in Management Engineering from the Fashion Institute of Technology in New York City, he returned to Mexico City to work at his father's clothing firm and complete a Master's degree in Industrial Engineering from the University of Mexico. He returned to the United States and worked at several prestigious fashion firms. After teaching sophomore and junior level Spanish at Monsignor Bonner High School, he has joined us at St. Dorothy to teach the Spanish language and the culture of Spanish-speaking countries to our students. A resident of Drexel Hill for 33 years, Señor Colmenares and his wife Regina have two grown sons and a daughter. He enjoys spending time with his three grandchildren, music, and dancing. ¡Bienvenido, Señor Colmenares!

# ...Welcome!

# SPOTLIGHT ON...

## William Mayo, Our Music Man

With the arrival of Mr. William Mayo as our music director in 2009, the standard for music at St. Dorothy School rose to new heights. High performance expectations, exposure to composers and musical styles, and integration of musical instruments became the norm. Mr. Mayo's goals are to engender in all students an appreciation of music and a belief in their performance capabilities—and to make it fun. He succeeded on all counts! To quote one of our teachers, "the students' appreciation of music has grown exponentially."

Students' musical performances have extended beyond the campus. Students have performed the National Anthem at Citizens Bank Park for the Phillies and at St. Joseph's University to open the Atlantic 10 Women's Basketball playoffs. Students have also participated in the Archdiocesan Arts Festival where they performed at the Kimmel Center with students from other diocesan schools.

Collaboration with faculty to integrate

music with content area disciplines is an important part of the music program. This fall, Mr. Mayo partnered with the eighth grade for their Civil War reenactment. He wrote a music score for the Gettysburg Address and taught the students to perform it, using song, narration, musical instruments, and media projection.

When in 2009 the graduating class requested that a school song be composed, Mr. Mayo collaborated with them to compose lyrics and music resulting in our "St. Dorothy School" song.

Because of his background as an acting coach, Mr. Mayo is also the moderator of our school news program. He trains our students how to present the news to our school community.

In addition to his duties at St. Dorothy School, Mr. Mayo is an active performer and has taught voice and musical theater at Temple University for more than twenty-five years.

*Mr. Mayo hard at work rehearsing students in the church.*

## Farewell Mrs. Spinelli!

After fifteen years of service, school secretary Betty Spinelli retired this summer. We thank her for her years of service to our school. By our count, during Mrs. Spinelli's tenure, she met and interacted with more than 1,200 St. Dorothy School children. We know she made an impact on each one of them with her bright smile and happy ways. Thank you Betty, you will be missed!

*Mrs. Spinelli as so many remember her at her desk. Well, not exactly as we remember her – she did not wear a boa everyday, just for last year's tribute "Mrs. Spinelli Day."*

## Welcome Karen Buechele, school secretary!

St. Dorothy School welcomes Karen Buechele as our new school secretary! Karen is no stranger as she joins the school after working at the St. Dorothy rectory for thirteen years. In her previous role, Karen wore many hats, including assisting with school tuition billings, compiling the weekly church bulletin, maintaining parishioner records, partnering with and delivering key information to the church envelope company, overseeing the weekly church donations, preparing annual tax donation records, ordering supermarket scrip, preparing marriage certificates, distributing mass cards, and managing the many types of phone calls coming to the rectory. Her experiences at the rectory and her knowledge of the St. Dorothy community have set her up for success in her new role!

Karen previously worked in the healthcare industry and also for a Montessori school prior to her time with St. Dorothy Church and School.

On a personal note, Karen attended Holy Cross School and Cardinal O'Hara High School. Shortly after her high school graduation, she married her high school sweetheart, George, in 1976. As the St. Dorothy plant manager, George is also a familiar face to many of us and he also wears many hats...what would St. Dorothy be without the Buecheles?

Karen and George lived in Collingswood, NJ for a short while before they moved to Springfield, PA. They have three daughters and one grandson. Karen enjoys spending time with her grandson and also spending time at the beach. Additionally, she likes to bake and to crochet in her free time.

Karen tells us she "has met a lot of great people while working here at St. Dorothy." Please stop by to say hello to Karen as she gets to know the names of all the parents and students.

Karen, we look forward to celebrating your fourteenth anniversary with St. Dorothy this July! Thanks for all you do!

*Mrs. Buechele hard at work at her new desk.*

# Visit from a Peace Corps Volunteer

Kelsey Mehallo, Class of 2016

My cousin Nikki Desforges recently visited the seventh grade class on September 16, 2014. The reason she came was because she just got home from the Peace Corps. She didn't come home because her contract was over, she was sent home because of the Ebola virus outbreak in Africa. Nikki decided to apply to the Peace Corps when she was a senior in college. Once she applied, she had to wait several months before she found out if she was accepted. Once she was accepted, she was told where and when she would go. During the summer of 2013, she was told that she would be going to Guinea, Africa. She left for Guinea in December 2013 and was supposed to be there for two years.

When she came to our classroom, she explained to us what she did as a volunteer. She told us that when she first arrived in Guinea, she stayed in the capital with several other volunteers. They lived together and were trained in their specific jobs and in French, since that is primary language spoken there. Nikki was a public health volunteer. She told us that as a public health volunteer she helped out at the local medical clinic, helped build a dam to catch fish, and she made her own bee hive. She did all this to help teach the Africans ways to be healthy and have good hygiene. She taught them how to make honey to put something sweet in their food and to give some sugar to the children. She also taught them that instead of giving the men a lot of food, to give the whole family an equal amount of food. Another

important mission of the Peace Corps volunteers was to travel to villages and educate the people about malaria and how it spreads. She did presentations to villagers, handed out mosquito nets, and encouraged the villagers not to sleep outside at night.

The seventh grade enjoyed hearing Nikki's stories and seeing the pictures of what life was like in Guinea. What made it even more interesting was that the class already knew about Nikki because of my Pay It Forward project last year. The project was to collect pillowcases and fabric, then (with the help of my mom) we sewed dresses for little girls in Africa.

Unfortunately, in October, Nikki found out that the Peace Corps will not be sending her back to Africa. Because new cases of Ebola were still being reported in Guinea, the Peace Corps determined it was too dangerous to send the volunteers back. They cancelled all of their contracts with the Peace Corps. While Nikki is very sad she will not be returning to Guinea, our family is very happy that she is home and safe and healthy.

Nikki's visit had a big impact on my class. It was very inspiring to see someone living out Christian values and doing something good to benefit others. People were very interested to learn about the Peace Corps and about what Nikki did as a volunteer.

*St. Dorothy students Kerrie Habicht, Carly Knowlton and Kelsey Mehallo pictured with Nikki.*

We welcome you to participate in our new Spot the Dot game. Go to the school website to download and print your Dot's Dot picture or carry it with you on your smart phone. Then take a photo with your Dot's Dot in interesting places or with interesting people. Send us your photos to be featured on the website and perhaps a future issue of the newsletter. We know our Dot's students and alumni are leading interesting lives, we'd love to hear about your adventures!
