

Word Workout

Vocabulary

listen

volume

Let's step outside together and listen to the sounds we hear around us. I hear the wind in the trees. It makes the sound *whoooosh!* The wind makes the leaves rustle. Is the volume loud or soft when the wind blows in the leaves? I agree! It is soft. Now tell me what you hear.

My Words to Know

High-Frequency Word: **and**

I am going to write the word *and* on this paper. Can you trace the word? Good work! Now let's look for the word *and* in a newspaper. Circle the word *and* in the newspaper.

Category Words: sound words

clang

beep

ring

Let's go outside and listen to the sounds around us. We might hear a bell. *Clang! Clang!* We might hear a bird. What kind of sound does a bird make? Yes! It sings *tweet, tweet*. Let's listen for other sounds we hear.

Phonics: n Let's hunt for words that begin or end with the letter *n*. When we see something, we'll write it down on this sticky note.

Ready?

- Here is a small bag of nails to hammer in a wall. The word *nails* begins with the letter *n*. Let's write the word *nails* and put the sticky note on the bag of nails.
- Here is a pan. *Pan* ends with the letter *n*. Let's write the word *pan* and put the sticky note on the pan.

Good work!
