SAINT DOMINIC OF SILOS - DECEMBER 20

As a youth Dominic tended sheep on the foothills of the Pyrenees where he learned to appreciate solitude. He then pursued the quiet life as a monk. Dominic became the prior of his monastery, but was forced to flee by the king of Navarre, who intended to seize the monastery's land. The monastery of St. Sebastian at Silos welcomed him. There as prior, Dominic conducted a successful program of spiritual and material renewal. The Dominicans especially honor him. For a century after Dominic's death, Blessed Joan of Aza visited his tomb. There she had a vision promising her that she would have another son. When the child was born she named him Dominic and he went on to found the Dominican Order.
