School Access During Drills

Once per quarter the school will conduct a fire, tornado and lockdown drill. These can take 3-5 minutes. During these drills parents will not have access to the school building. If you arrive to sign out your student for an appointment or to sign them in, you will need to wait until the drill has been completed before being admitted. Thank you for your understanding.

SCHOOL NEWS & REMINDERS

POPPS

MEETING TUESDAY, SEPTEMBER 9 @ 6PM

We'll cover questions and share some new ideas on keeping our school secure (all within legal and voluntary boundaries). Feel free to invite anyone else who might be interested.

I hope to see you there!

Parents on Patrol

CHORISTERS

Dear Current and Future Choristers,

I am so excited to begin a new season of music-making with our Choristers! We are now creating the 2025-2026 roster for students in grades 3-8, and I can't wait for another wonderful year filled with singing, learning, and fun.

For those who may be new: Choristers are the liturgical children's choir at Presentation School. Our main role is to provide music at the all-school Masses every Wednesday, helping our whole community pray and celebrate together.

Rehearsals begin soon!

- Middle School Choristers (Grades 6-8): Tuesday & Wednesday mornings, 7:15-7:45am
- Elementary Choristers (Grades 3-5): Tuesday afternoons, 3:00-4:15pm

Both groups join together each Wednesday to lead music at our school Masses.

In addition, Choristers also sing for special liturgies throughout the year—such as occasional weekend Masses, Christmas Eve, and First Communion Masses.

The joy and success of Choristers depends on the support of families and the dedication of our young singers. If your child would like to join, please email me at jwagner@olpls.org so we can add them to the roster. We are also in need of parent/grandparent volunteers for Tuesday afternoon (Elementary Choristers) rehearsals. If you are interested and can help, please let me know ASAP!

Thank you for encouraging your children to share their voices and gifts with our parish and school. I look forward to a year of beautiful music together!

With gratitude,

James Wagner
Director of Liturgy & Music
Our Lady of the Presentation

Volunteer Opportunities

****All volunteers are required to complete Virtus Training (virtusonline.org and <https://protectmokids.com/>). Both are available online and when completed certificates need to be emailed to or dropped off at the school office. These are both diocesan requirements for volunteers in any school.****

CAFETERIA HELPERS are needed to assist with serving lunch each school day. All volunteers must be Virtus trained prior to signing up. [Cafeteria sign-up](#)

CROSSING GUARDS are needed to help with morning drop-off 7:30-8:00 a.m. If you are interested in helping get students through the parking lot safely before school, please email Mr. Podjenski, dpodjenski@olpls.org.

PARENT ON PATROL Half and full days available. Volunteers provide an extra presence around the school building, at recess, in the cafeteria, etc. If you are interested in participating in the POPPS program please contact Gaetano Falcone at popps@olplsschool.org.

Math+: Advanced Mathematics Learning Opportunity

Gain an edge – with skills that matter

This is Mr. Greg Owsley, co-founder and curriculum writer of RedwoodPrep. I've taught at Rockhurst High School for the last 16 years, most recently serving as STEAM Director. I will be teaching another addition of Math+ this Fall for 6th to 8th grade students.

I strongly believe in Math+ and would encourage your family to participate. Each Math+ course explores 1 major idea included in Stanford University's introductory math sequence. This is world-class content tailored to younger students. I continue to be impressed by how students get excited and passionate about math during Math+. We want students to be excited about math – and Math+ does a great job doing just that.

This season's course will be taught at Rockhurst High School on Wednesdays from 4:00 to 5:00 pm starting on Wednesday, September 10 for six weeks. The program will cost \$250. Families can sign-up at www.RedwoodPrep.com.

This Fall, the Math+ program will be focused on the concept of Infinity. Infinity can be defined as "something without any limit". The concept has applications across disciplines but is particularly critical in mathematics where the concept has been at the center of the field since 1655 when John Wallis, a leading mathematician, defined its mathematical symbol.

Most interested students can succeed in Math+. I find that students with a gift for math or a real desire to participate can succeed and learn a lot. Students interested in advanced math classes, high performance on standardized exams or general math ability will particularly benefit.

If you have any questions, please reach out. I hope to work with you and your family on this exciting program.

Best,

Mr. Greg Owsley
