

## **Baptismal Certificates**

*The following explains what is required for proof of baptism from both the bride and groom. These are diocesan requirements, not something specific to Christ the King parish.*

### **For baptized Catholics:**

Please contact your parish of baptism and request a “new baptismal certificate with notations”. You may have it sent to you or to us. Our mailing address is Christ the King Church, Attn: Marriage Prep, 3001 Belmont Boulevard, Nashville, TN 37212.

The required new certificate must be dated within six months of your prenuptial interview. We will need to see the hard copy so that we are able to see all notations and the parish seal.

### **For those baptized in another faith:**

If your church of baptism is able, please seek a letter or your certificate (can be the original) confirming your baptism.

If they are unable, please submit a written testimony of someone present at your baptism, including the date and church name and address (or other location).

If you have difficulty obtaining the documentation described above, please contact Amy Meyer for assistance. She will be coordinating your preparation and managing your marriage file.
