The **Feast of Corpus Christi** (Latin for "Body of Christ") that we just celebrated this past Sunday, is the Roman Rite liturgical solemnity celebrating the real presence of the body and blood of Jesus Christ, the Son of God, in the Eucharist. In the Catholic faith, receiving Communion is an essential part of Mass. You must, among other requirements, be of Catholic faith, receive a welcome into the church, and be in a state of grace to take Communion. To receive Communion, you will take offerings of both the Body and the Blood of Christ by a priest, deacon or an Extra Ordinary Minister. Allow the priest to place the host on your tongue or in your hands, **then take a small sip of the blood from the chalice.** Please be mindful of people after you who are also receiving the Blood of Christ at communion.

Fr. Rogelio, the Ministry of Consolation & Staff extend our condolences to the families of:

JANIE A. FUTRELL

May her soul and the souls of all the departed, rest in peace.

Catholic Charities - Pregnancy and New Parent Support

Support from Archbishop's Appeal makes it possible for Catholic Charities' Pregnancy and New Parent Support Services to offer comfort and reassurance to those experiencing the miracle of pregnancy and childbirth. Karla's unexpected pregnancy resulted in concerns, emotions, questions, and unexpected stress. She felt she had a committed relationship with her boyfriend Sam, but began to worry about how her life would change, how their relationship might change, and how they could afford a child. During her pregnancy, Karla was connected with Catholic Charities via a website for pregnancy resources and discovered various support services including Pregnancy Services and New Parent Support Program. Karla scheduled an appointment with a Counselor from Pregnancy and New Parent Support, but went into labor the day before her appointment! While in the hospital, she contacted her counselor and asked if the session could be held at the hospital the day after she gave birth. Her counselor scheduled the session and during the visit, Karla expressed her concerns about being a new mom, her own childhood struggles, giving her child the best version of herself, and her desire to provide a safe and happy home for her son. Karla's counselor listened and provided support and encouragement. Karla still receives services through Pregnancy and New Parent Support Services, enlarging her support network, strengthening her parenting skills, and her increasing her confidence in being a "good mom."
