Independent Auditor's Report

His Excellency
Most Reverend Shelton Fabre, D.D.
Bishop of the Diocese of Houma-Thibodaux

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of The Central Administrative Offices of the Roman Catholic Church of the Diocese of Houma-Thibodaux, Offices and Institutions (the Diocese), which comprise the consolidated statements of financial position as of June 30, 2021 and 2020, the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements (collectively, the financial statements).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Central Administrative Offices of the Roman Catholic Church of the Diocese of Houma-Thibodaux, Offices and Institutions as of June 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplementary information included in Schedules 1 to 13 as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and, except for Schedule 12, which is marked “unaudited,” was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole. The schedule of operations of parishes and institutions on page 51 (Schedule 12) marked “unaudited” has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2022 on our consideration of the Diocese’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Diocese’s internal control over financial reporting and compliance.

THE CENTRAL ADMINISTRATIVE OFFICES OF THE ROMAN CATHOLIC CHURCH OF THE DIOCESE OF HOUMA-THIBODAU, OFFICES AND INSTITUTIONS

Notes to Consolidated Financial Statements

Note 1. Nature of Organization and Summary of Significant Accounting Policies

Nature of Organization

The Central Administrative Offices of the Roman Catholic Church of the Diocese of Houma-Thibodaux, Offices and Institutions (the Diocese), a not-for-profit corporation established under the laws of the State of Louisiana, operates as a religious organization. The Diocese is dedicated to acting as a centralized ministry that coordinates several ministerial, outreach, and administrative programs and functions for church parishes and other Diocesan-related operations located within the Diocese's boundaries encompassing the civil parishes of Terrebonne, Lafourche, parts of St. Mary, St. Martin, and Iberia, and Grand Isle, Louisiana.

The Diocese derives support for its administrative operations primarily through Cathedraticum paid by Diocesan parishes to the Diocese. Cathedraticum is an assessment on parish ordinary income and certain extraordinary income. The Cathedraticum amount is set each year by the Diocese based on the prior years reported income. Support for other Diocesan operations is provided by several sources including, but not limited to: grants from other non-profit entities; special Diocesan-wide collections; individual contributors; governmental grants; and Diocesan subsidies, transfers, grants and interest, dividends, and net capital gains or (losses) earned and recognized on investments.

The accompanying financial statements include the programs and operations maintained by and directly under the administration of The Central Administrative Offices of the Diocese of Houma-Thibodaux, H-T Publishing Company (The Bayou Catholic), Lumen Christi Retreat Center, St. Joseph Cemetery, and the programs of Catholic Charities of the Diocese of Houma-Thibodaux, and also include certain assets which are owned by the Diocese and used in the operations of certain affiliates. These statements exclude the financial position and transactions of the parishes and missions, schools, cemeteries, and other organizations which maintain separate accounts and carry on their own services and programs. These operations, which may or may not be separate corporations under civil law, are directly managed and controlled by their pastors or other responsible parties. Only those operations and offices that are directly controlled, managed, administered, and financed through the Diocese Central Administrative Offices are included in these financial statements.

Internal transactions and balances, except for interest paid on funds deposited with Central Finance, have been eliminated in consolidation.

Basis of Presentation

The accompanying financial statements of the Diocese are presented in accordance with the *Not-for-Profit Entities* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor restrictions. The Bishop has designated, from net assets without donor restrictions, net assets for specific purposes and programs. Investment income appropriated for expenditure in accordance with the Diocese's endowment policy are included in net assets without donor restrictions.

Net Assets With Donor Restrictions - Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or that can be fulfilled or removed by actions of the Diocese pursuant to those stipulations. Other donor-imposed restrictions are perpetual in nature (also referred to as an endowment fund), where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. As restrictions are met or until released in accordance with the Diocese's spending policy, assets are reclassified to net assets without donor restrictions.

The Diocese reports gifts of cash and other assets as support with donor restrictions if they are received with donor-imposed restrictions or requirements that limit the use of the donation. A donor restriction ends when a time restriction is met or a purpose restriction is accomplished.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the consolidated statements of financial position. Unrealized gains and losses are included in the change in net assets. For investments other than marketable securities with readily determinable fair values, the carrying value is either cost or fair value at the date of donation.

Investments in marketable debt and equity securities are diversified among high-credit quality securities in accordance with the investment policy of the Diocese. Investments are not insured by the trustee, Federal Deposit Insurance Corporation (FDIC), or any other government agency.

Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Revenue and Revenue Recognition

Contributions are recognized when cash, securities, or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Contributions which are conditional are recognized when the conditions are substantially met.

The Diocese accounts for a contract with a customer when it has written approval, the contract is committed, the rights of the parties, including payment terms, are identified, the contract has commercial substance and consideration is probable of collection. Revenue is recognized when, or as, control of a promised service transfers to a customer, in an amount that reflects the consideration to which the Diocese expects to be entitled in exchange for transferring those services.

The Diocese earns revenues from customers for exchange transactions for services provided by various programs such as daycare, retreats, advertising, and sales of cemetery mausoleums and tombs.

Contracts typically require the completion of a defined service and billing for completed services are based on actual amounts. The Diocese satisfies the performance obligation and recognizes revenue at a point in time. Revenues obtained through such arrangements are typically billed and recognized when the service has been delivered. This results in revenue recognition that corresponds with the value to the client of the services transferred to date. The Diocese historically collects revenues before or at the time when the transaction is entered into. Revenues received in advance of providing the services are deferred and recognized as revenue as the services are provided.

Property and Equipment

Property and equipment are recorded at cost or, when donated, at fair value. Additions and improvements are capitalized, while expenditures for maintenance and repairs are expensed as incurred. Depreciation expense is computed principally by the straight-line method over the useful lives of the depreciable assets.

Functional Allocation of Expenses

The costs of providing various programs and other activities of the Diocese have been summarized on a functional basis in the consolidated statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, cash equivalents consist of cash in banks and highly liquid short-term investments with an original maturity of three months or less. Concentrations of credit risk with respect to cash and cash equivalents are considered limited due to the combination of federally insured deposits and financial strength of the institutions that hold Diocesan deposits. The Diocese held bank deposits in excess of FDIC insurance in the amounts of \$4,824,416 and \$4,562,439 for the years ended June 30, 2021 and 2020, respectively.

Note 1. Nature of Organization and Summary of Significant Accounting Policies (Continued)

Income Taxes

The Diocese is exempt from income taxes under the provisions of Internal Revenue Code Section 501(c)(3).

Accounting standards require an entity to disclose and recognize the financial statement impact of uncertain tax positions when it is more likely than not that the position will not be sustained on examination. Management of the Diocese believes it has appropriate support for any tax positions taken, and therefore, does not have any uncertain income tax positions that are material to the financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncements - Adopted

Effective July 1, 2020, the Diocese adopted the FASB Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*, using a modified retrospective method of application to contracts that were not complete as of the date of initial application. The core principle of the guidance on ASU 2014-09 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. We assess the impact of ASU 2014-09 on a contract by contract basis.

Under ASU 2014-09, the estimated uncollectible amounts due are generally considered implicit price concessions that are a direct reduction to net operating revenues, with a corresponding reduction in the amounts presented separately as provision for doubtful accounts. For the year ended June 30, 2021, no implicit price concessions were recorded as a direct reduction of net operating revenues that would have been recorded as provision for doubtful accounts prior to the adoption of ASU 2014-09. The adoption of ASU 2014-09 did not have any impact on the Diocese's financial statements.

In June 2018, the FASB issued ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This standard assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determine whether a contribution is conditional. The adoption of ASU 2018-08 did not have any impact on the Diocese's financial statements.

Recent Accounting Pronouncements - Not Yet Adopted

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. ASU 2016-02 requires that a lessee recognize the assets and liabilities that arise from leases classified as financing or operating leases. A lessee should recognize in the balance sheet a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election by class of underlying asset not to recognize lease assets and lease liabilities. In transition, lessees and lessors are required to recognize and measure leases at the beginning of the earliest period presented using a modified retrospective approach. In June 2020, the FASB issued ASU 2020-05, *Leases (Topic 842): Effective Dates for Certain Entities*, which defers the effective date of ASU 2016-02 one year, making it effective for annual reporting periods beginning after December 15, 2021. The Diocese is currently evaluating the impact ASU 2016-02 will have on its financial statements.

Note 2. Liquidity and Availability

The Diocese receives significant financial resources from parishes, schools, and institutions within the Diocese in the form of deposits into its Central Finance program as described in more detail in Note 3. The Diocese also receives contributions to establish endowment funds that will exist in perpetuity.

The Diocese manages its investments in order to generate income to pay interest on Central Finance deposits, provide liquidity for expected withdrawals by parishes, schools, and institutions, and support other programs of the Diocese.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the consolidated statement of financial position date comprise the following:

Year ended June 30,	2021	2020
Financial Assets		
Cash and Cash Equivalents	\$ 6,247,789	\$ 5,423,699

Note 3. Central Finance

Under Diocesan Central Finance policies, the parishes, schools, and institutions within the Diocese are required to deposit all funds not immediately needed for current operations into the Diocese Central Finance Program. Balances on deposit earned interest at a rate of .5% per annum through June 30, 2021. Endowment funds may also be established by parishes, schools, and institutions within the Diocese.

The establishment of endowment funds is governed by the Diocesan policy on endowments, and must be deposited with Central Finance. The deposits must be of a permanent nature and have restrictions as to the withdrawal of principal. Endowment funds earned interest at 1.5% per annum through June 30, 2021.

Certain Diocesan programs also receive interest on surplus funds held by the Central Finance Program at the same rates earned by parishes, schools, and institutions. The interest received by these programs is reported as revenue in the consolidated statements of activities.

Loans are available through the Central Finance Program. Parishes, schools, and institutions pay 5% interest on outstanding loan balances to the Central Finance Program. Any surplus funds deposited into Central Finance by a parish, school, or institution with an outstanding loan balance are applied as principal payments on the loan balance until the loan is paid in full.

Interest rates on Central Finance loans and deposits are set by management and are based on the expected rate of return on Diocesan investments, net of investment fees and expenses. Net investment income in excess of interest paid on funds on deposit may be paid to the parishes, schools, and institutions as additional interest at the end of the year at the discretion of the Bishop. The amount of additional interest paid to each parish, school, or institution is based on the weighted average deposit balance of the parish, school, or institution during the year and is called "profit sharing." Endowment funds are not eligible for profit sharing distributions. There were no profit sharing distributions for the years ended June 30, 2021 and 2020. The consolidated statements of activities and the schedule below present investment return as interest and dividends earned and capital gains recognized, net of fees.

Note 7. Other Assets

Other assets are comprised of the following at June 30, 2021 and 2020:

	2021	2020
Perpetual Care Deposits in Cemeteries Trust	\$ 2,627,441	\$ 2,601,191
Mausoleum Inventory	93,950	146,810
Total	\$ 2,721,391	\$ 2,748,001

Note 8. Note Payable

On March 27, 2020, Congress enacted the Coronavirus Aid, Relief, and Economic Security (CARES) Act which established the Paycheck Protection Program (PPP). The PPP was created to assist small businesses in paying their employees and certain other expenses during the coronavirus (COVID-19) crisis. On April 5, 2020, the Diocese applied for a loan under the PPP and received a loan in the amount of \$794,000 in proceeds from a bank. The loan has an interest rate of 1% and matures on April 5, 2022. The loan is forgivable if the Diocese meets certain criteria as established under the PPP. If not forgiven, monthly payments of principal and interest will be due after a determination is made regarding loan forgiveness. The loan was forgiven on February 15, 2022.

Note 9. Insurance and Risk Management

The Diocese operates several self-insurance programs in which the Diocese, its parishes, schools, and apostolates participate. Following is a description of each:

Severance Pay Plan (SPP) - The Diocese has established a Severance Pay Plan covering all eligible employees of the Diocese, its parishes, schools, and apostolates. Under the plan, eligible employees include all full-time or regular part-time employees with more than one year of service. Severance benefits are paid upon the termination of employment of an eligible employee by reason of lack of funds, lack of work, or the restructuring of or closing of a parish, school, department, or institutions. Under the plan, benefits range from two weeks' pay to six weeks' pay based on the employee's years of service. Premiums in excess of claims collected from the parishes, schools, and institutions are reported as a liability.

OF THE DIOCESE OF HOUMA-THIBODAU, OFFICES AND INSTITUTIONS**

Notes to Consolidated Financial Statements

Note 9. Insurance and Risk Management (Continued)

Louisiana Catholic Workers' Compensation Pool (LCWCP) - The Diocese participates in a cost-sharing, risk pool with three other Dioceses to cover claims resulting from employment-related accidents and injuries. Premiums are paid to the pool by the Dioceses based on total payroll costs for covered workers. The pool has entered into a stop-loss agreement with an insurance company to limit its losses to \$1,150,000 per occurrence and \$4,607,910 per policy year. After all outstanding claims are settled for a policy year, any excess of premiums collected over claims and other costs are refunded to the participating Dioceses in proportion to premiums paid to the pool for that policy year.

Mausoleum Insurance Program - This plan covers repairs and damage caused by fire or natural disasters to mausoleums at cemeteries operated by the parishes of the Diocese. The Diocesan Property and Casualty Insurance Program covers damage caused by vandalism. The reserve is funded through premiums paid through the Diocesan Property and Casualty Insurance Program. At the end of the year, reserve adequacy is assessed. If reserves are adequate, the premiums credited to the reserve during the year are charged against the reserve and the balance is credited as a source of revenue to the Cemeteries Office.

Property and Casualty Insurance Program - This plan covers repairs and damage caused by fire, natural disasters, or other casualties to buildings and property owned by the Diocese and all parishes, schools, and institutions within the Diocese. The Diocese has entered into a stop-loss agreement with an insurance company to limit its losses to \$25,000 on individual claims and \$200,000 in the aggregate for the fiscal year ended June 30, 2021. The Diocesan Property and Casualty Insurance Program is reported as a funded operation and the ending balance is included in unrestricted net assets.

Hospitalization Insurance Plan - Hospitalization insurance premiums are paid into the program by the Diocese, its parishes and institutions to provide coverage for employees, retirees, and their families. The Diocese has entered into a stop-loss agreement with an insurance company to limit its losses to \$200,000 on individual claims. From time to time during the year, the Diocese remits funds to the third-party administrator to pay claims. The estimated liability for known and incurred but not reported claims was \$460,628 and \$530,446 for the years ended June 30, 2021 and 2020, respectively, and is included in accrued liabilities on the consolidated statements of financial position. The hospitalization insurance program is reported under administration ministries in the consolidated statements of activities and the ending balance is included in unrestricted net assets.

Note 12. Pension and Other Postretirement Benefit Plans

The Diocese maintains several plans providing pension and other postretirement benefits to employees as follows:

Defined Contribution Plans

The Diocese sponsors two defined contribution plans as follows:

401(a) Plan - The Diocese established a defined contribution 401(a) plan to accept rollover contributions from the participants in the Defined Benefit Plan that was terminated in 1997. No further employee or employer contributions will be made to this plan.

403(b) Plan - For all eligible employees, the Diocese will contribute 2% of salary to the plan and an additional 2% of salary to the plan if the employee agrees to participate at the minimum level of 2% of salary. The Diocesan contribution to the plan increases, based on length of service, to a maximum of 5% for employees with 20 or more years of service. Diocesan contributions to the plan were \$153,145 and \$154,803 for the years ended June 30, 2021 and 2020, respectively.

Priests' Pension Fund

The Diocese provides pension benefits to the retired priests of the Diocese under a plan that is not a qualified plan under the Internal Revenue Code and is not required to comply with the Employee Retirement Income Security Act of 1974.

Summary of Principal Plan Provisions

All incardinated priests of the Diocese of Houma-Thibodaux are eligible for participation in the plan. The normal retirement eligibility requirement is attainment of age 65 for priests ordained before January 1, 2021, and age 68 for priests ordained on or after January 1, 2021. Under normal retirement, the participant is paid for life at a rate of \$61 per month times the participant's years of service up to 25 years. If the participant remains in service beyond normal retirement age, an additional accrued benefit of \$75 per month will be accrued for each year of continued service. The monthly benefit paid to retirees and the monthly accrued benefits for active participants are generally adjusted every other year. Early retirement requires attainment of age 55, and up to 5 years of service. The benefit for early retirement is calculated in the same manner as that of normal retirement but reduced by 5% for each year early retirement precedes normal retirement. Participants are 100% vested in their accrued benefits after 5 years of service.

On October 12, 2007, the Diocese established the Priest Retirement Trust to hold plan assets. The proceeds of the 2007 Series bonds and investments previously designated for the payment of priest retirement benefits were deposited into the trust.

Current plan benefits are funded by periodic employer contributions in conformance with minimum funding recommendations and maximum suggested limitations and earnings on plan assets. Additional funding is also provided by voluntary contributions by the Diocese from excess reserves, proceeds of life insurance policies on priests, and private donations.

Plan Assets

The assets of the plan are invested primarily in a diversified mix of equities and fixed income securities. The assets are managed by independent investment managers in accordance with stated investment policies. The investment objective of the pension fund is to equal or exceed a benchmark rate of return comprised of appropriate marked indices and to achieve above-median ranking in a universe of balanced funds with similar investment policies over reasonable measurement periods.

The following tables summarize the plan assets within the fair value hierarchy (see Note 13), at June 30, 2021 and 2020:

The expected long-term rate of return assumption of 7.0% is selected by management as a reasonable expectation based on historical performance of both the pension fund and the investment markets in general. The selection of the rate is periodically evaluated by the Diocese as the administrator of the pension plan.

Priests' Other Postretirement Benefits

The Diocese provides health insurance, long-term care benefits, and long-term disability benefits for its retired priests. The benefits provided are coordinated with Medicare and/or are supplemented with other insurance policies provided by the Diocese. The benefits are funded on a pay-as-you-go basis.

Information regarding the plan's change in benefit obligation, change in plan assets, and the funded status of the plan for the years ended June 30, 2021 and 2020 was as follows:

Note 13. Fair Value Measurements

The Diocese follows the provisions of the *Fair Value Measurement* Topic of the FASB ASC. Accordingly, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**THE CENTRAL ADMINISTRATIVE OFFICES OF THE ROMAN CATHOLIC CHURCH
OF THE DIOCESE OF HOUMA-THIBODAU, OFFICES AND INSTITUTIONS**

Notes to Consolidated Financial Statements

Note 13. Fair Value Measurements (Continued)

The *Fair Value Measurement* Topic of the FASB ASC establishes a fair value hierarchy for inputs used in measuring fair market value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the most observable inputs to be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The inputs in the three levels of this hierarchy are described as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities. An active market is one in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 Observable inputs other than Level 1 prices. This would include quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3 Unobservable inputs, to the extent that observable inputs are unavailable. This allows for situations in which there is little or no market activity for the asset or liability at the measurement date.

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

During the years ended June 30, 2021 and 2020, there were no changes to the Diocese's valuation techniques that had, or are expected to have, a material impact on its consolidated financial position or results of operations.

The following is a description of the valuation methodologies used for instruments measured at fair value:

Temporary Cash Investments - Temporary cash investments consist of money market mutual funds. The fair value of these investments is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs due to the limited market activity of the instrument.

Marketable Equity Securities - The fair value of equity securities is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs due to the limited market activity of the instrument.

OF THE DIOCESE OF HOUMA-THIBODAU, OFFICES AND INSTITUTIONS**

Notes to Consolidated Financial Statements

Note 13. Fair Value Measurements (Continued)

Marketable Debt Securities - The fair value of debt securities included in Level 1 is the market value based on quoted market prices. Debt securities included in Level 2 are valued by a third party who uses a discounted cash flow model to determine the value and the values are reviewed by the Diocese's management. Management challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States. The key inputs to the discounted cash flow model are the coupon, yield, and expected maturity date. Appropriate market yields are determined based on credit, structure, and related Wall Street trades, quotes, and issuances.

Recurring Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Diocese's assets at fair value as of June 30, 2021 and 2020:

Note 13. Fair Value Measurements (Continued)

Investments in Certain Entities that are Measured at Net Asset Value Per Share as a Practical Expedient

The FASB issued a standards update pertaining to *Fair Value Measurements and Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share*. Fair values of certain investments are determined by the use of calculated net asset value per ownership share.

The Diocese's investments at June 30, 2021 and 2020 that feature net asset value per share include membership interests in a pooled investment fund that is open only to certain Catholic dioceses and related entities as defined by the fund manager. The fund's investment objective is to preserve the capital and purchasing power of its members, anticipating a real return of 5% over the rate of inflation over the long term through a diversified asset allocation strategy. Redemptions or withdrawals can be made quarterly with 75 days prior notice. There are no unfunded commitments related to this investment.

Note 14. Endowments

Endowment funds consist of net assets held in perpetuity pursuant to donor-imposed restrictions for the purposes of priest retirement costs, seminary tuition, and other expenses related to the education of candidates for the priesthood, perpetual care of mausoleums, Catholic Charities programs operating expenses of Lumen Christi Retreat Center, and unrestricted net assets designated for priest retirement costs by management. The endowment funds are held in pooled investment accounts, along with other Diocesan funds and funds held for affiliates.

Interpretation of Relevant Law

The Diocese accounts for donor-restricted funds consistent with the provisions of Uniform Prudent Management of Institutional Funds Act (UPMIFA) as adopted by the state of Louisiana. The Diocese seeks to preserve the fair value of the original gift as of the gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary. Accordingly, the Diocese retains in perpetuity (a) the original value of initial and subsequent gift amounts (including promises to give net of discount and allowance for doubtful accounts) donated to the Endowment, and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditures by the Diocese in a manner consistent with the standard of prudence prescribed by UPMIFA.

THE CENTRAL ADMINISTRATIVE OFFICES OF THE ROMAN CATHOLIC CHURCH OF THE DIOCESE OF HOUMA-THIBODAU, OFFICES AND INSTITUTIONS

Notes to Consolidated Financial Statements

Note 14. Endowments (Continued)

Interpretation of Relevant Law (Continued)

In accordance with UPMIFA, the Diocese considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund,
- 2) The purposes of the Diocese and the donor-restricted endowment fund,
- 3) General economic conditions,
- 4) The possible effect of inflation and deflation,
- 5) The expected total return from income and the appreciation of investments,
- 6) Other resources of the Diocese, and
- 7) The investment policies of the Diocese.

Investment and Spending Policies

The Diocese invests its funds in companies and opportunities whose operational philosophy and management activities are consistent with the overall mission and objectives of the Diocese. The primary objective is the long-term growth of the fund's assets. It is recognized that short-term fluctuations may result in the loss of capital earned on occasion. However, in the absence of contributions and withdrawals, the asset value of the funds should grow in the long run and earn rates of return greater than those of an appropriate market index, while avoiding excess risk. The next objective is the preservation of purchasing power. Asset growth, exclusive of contributions and withdrawals, should exceed the rate of inflation as measured by the Consumer Price Index. The final objective is to preserve the value of the assets by earning a positive return over the investment time horizon. The Diocese's spending policy is targeted at 1.5% in accordance with Central Finance policies as described in Note 3.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate of return objectives, the Diocese relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Diocese targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Net Assets, June 30, 2021	\$ 888,224	\$ 5,387,876	\$ 6,276,100

Note 15. Commitments

The Diocesan parishes, schools, and institutions have contractual obligations and commitments outstanding at June 30, 2021 for renovations or additions to properties totaling approximately \$2,347,000. Although the Diocese is not obligated under these contracts, the commitments could have an impact on the cash flows of the Diocese as they are likely to be paid through Central Finance deposit withdrawals or loans to the parishes, schools, and institutions.

Note 16. Contingencies

The Diocese is named as defendant in various lawsuits arising from its operations. While the outcome of these lawsuits and threatened litigation cannot be predicted with certainty, management does not expect these matters to have a material adverse effect on the financial condition of the Diocese.

There is no loss accrual provision associated with litigation or threatened litigation contained in the financial statements as management cannot reasonably estimate the range of possible loss, if any.

Note 17. Stewardship and Development

The Diocese has three stewardship and development programs. The first is the Annual Bishop's Appeal, the second is the Stewardship Program for the benefit of parishes within the Diocese, and the third is the Catholic School Development Program. The Annual Bishop's Appeal is a program to raise funds for discretionary use by the Diocese in support of various diocesan, school, and parish programs. The Stewardship Program is coordinated by the Diocesan Stewardship Office to assist parishes of the Diocese in implementing a sacrificial giving program for the benefit of the parishes. The Catholic School Development Program is coordinated by the Diocesan Office of Catholic Schools to assist the schools of the Diocese in their development efforts.

Note 18. Program Expenses

Program expenses are grouped by the Diocesan Departments of the Curia as reported in the Diocesan Catholic Directory as follows:

Formation Ministries are focused on catechesis and evangelization. The ministries and offices included in the Department of Formation Ministries provide support to the parishes and schools throughout the Diocese for the formation of the people of God into vibrant, Eucharistic communities.

Social Ministries provide compassionate service to people in need, promote Catholic social teaching, advocate for those whose voice is not heard, organize people who feel powerless to improve their lives, and call the entire church and all people of good will to establish a more just society.

The Department of Clergy and Religious provides for the continuing education of the clergy, permanent diaconate, men and women religious, and seminarians.

Administration Ministries provide administrative support and assistance to parishes, schools, institutions, and other departments within the Diocese.

Note 19. Risks and Uncertainties

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern", and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had, and are expected to continue to have, an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Diocese operates.

Note 18. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, March 25, 2022 and determined that the following matter requires disclosure:

On August 29, 2021, Hurricane Ida struck the Louisiana Gulf Coast and heavily impacted Terrebonne and Lafourche Parishes. The Diocese suffered heavy damage to its parishes, schools, and other facilities. Although the parishes and schools are not included in the financial statements of the Diocese, their properties are insured through the Diocese's property insurance program. The total costs for hurricane recovery, including debris removal, remediation, and repairs will be between \$150 million and \$180 million. The Diocese has external insurance coverage for \$50 million through Catholic Mutual, and approximately 90% of the remaining costs are expected to be reimbursed by the federal government through FEMA Public Assistance Grants. The Diocese is currently evaluating methods of financing these costs until the FEMA grants are received.

No further subsequent events occurring after March 25, 2022 have been evaluated for inclusion in these financial statements.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL

AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Independent Auditor's Report

His Excellency
Most Reverend Shelton Fabre, D.D.
Bishop of the Diocese of Houma-Thibodaux

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of The Central Administrative Offices of the Roman Catholic Church of the Diocese of Houma-Thibodaux, Offices and Institutions (Diocese), which comprise the consolidated statements of financial position as of June 30, 2021, the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated March 25, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Diocese's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Diocese's internal control. Accordingly, we do not express an opinion on the effectiveness of the Diocese's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Diocese's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Diocese's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Diocese's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
