After School Care

Attendance Procedure

The Process

- Students will be escorted to After Care.
- If a child has a fever or exhibits at least two COVID-19 symptoms, the student will be taken to the nurse's office and parents will be called to pick up their child.
- All other students will be electronically checked in to After Care.

Recess Time

Time to play!

After students are checked in, they will have the opportunity to play.

- Students will play outside, weather permitting.
- If playing outside is not an option, students will be directed to play in another designated area
- Students do not have to wear masks when playing outside.
- Once play time is over, students will be allowed to have a snack. All snacks are brought from home and must be peanut-free. Snacks cannot be shared among students.

Homework time

Older students get started on homework

- Homework time will begin about 3:45 PM
- Older students will go into a separate room to complete their homework. We can supply school supplies such as pencils, pens, paper.
- Younger students will remain in the After Care room and work on a craft, listen to a story, or play a game.

Play time

Students can take this time to choose their own activities

- Each month will have a theme. Activities are centered around the theme.
- Students may opt to play a game or do a craft, but they are not required to participate. They must, however, find something else to do.
- No electronics are allowed. This is strictly enforced!

Pick Up Procedures

Keeping our kids safe

- Since we are limiting the number of people who enter the school building, we ask that parents not come into the After Care room.
- When picking up your child after 3:00 PM, you will text the After Care staff to notify them that you have arrived at the school. Please wait by the front door. The After Care staff will escort your child out of the building. Do not remain in your car. We want to ensure the safety of your child, so please meet us at the front door.

Response to COVID-19

Protocol that we have put in place

- All staff and students will wear masks and practice social distancing.
- There will be no sharing of supplies
- Students will be instructed to wash their hands and/or use hand sanitizer frequently.
- Students who are ill will be isolated from the rest of the group. Parents will be called and are to arrange to have their child picked up within 30 minutes after being notified that their child is sick.
