

Inventory of Local Pregnancy Help Resources

As part of the nationwide initiative to walk with moms in need, our parish is being asked to identify the local pregnancy help resources in our community that are currently available to a woman facing a difficult pregnancy. The needs of pregnant and parenting moms can be overwhelming, and the sources for help may not be apparent to those most needing support.

This inventory tool helps parish leaders identify local resources for pregnancy assistance such as pregnancy help centers, maternity homes, social service agencies, hospitals, and especially Catholic programs and resources. Our parish efforts to document and share local resources can make all the difference in the world for a pregnant woman and her child.

may have a local presence, and they may be helpful partners as parish leaders complete this inventory. The diocesan contact person may also be able to put you in touch with nearby parishes or offer cautions about external programs that may provide morally problematic services.

Parish Name: _____

Parish Address: _____

Pastor Name: _____

Name of parish contact person completing inventory: _____

Contact person's role in the Parish: _____

Other	

What additional Pregnancy Help Resources may still be needed in the local (parish) area?

In looking at current resources and communications/advertising approaches to assist pregnant women in need, what **gaps** have been identified?

In looking at current resources and communications/advertising approaches to assist pregnant women in need, what **opportunities** have been identified for expanding resources/approaches?

Are there identified gaps that the parish may be able to fill or opportunities for the parish to expand upon?

Who are the local partners that could help address those gaps or opportunities?

Thank you for taking the time to complete this Inventory by September 9, 2020.

Please share a copy of this inventory with the diocesan contact for this effort.
