I walk into each of those somewhat worn down from my day, and I walk out having taken something to heart or learned something new every time – so, THANK YOU for challenging us busy parents to step in." – Shannon Long*

*"Pre-COVID, I participated in Seton's Faith Formation program as a Catechist in one of my son's classes alongside my wife. I cannot tell you how much more enriching the program is outside the classroom and in our home. My wife and I believe that Faith Formation begins at home and We love how this new format has allowed us to dig deeper into why we are followers of Christ and why we are Catholic with our son. We have loved praying the Rosary with my son and hearing his insight into Scripture passages during *lectio divina*. This more personalized approach to Faith Formation has been a true blessing to our lives as we are truly able to see him grow in age, wisdom and God's grace. "- Mickey Saloma*
