

Dear Incoming 4th Grade Families,

This summer, we would really like you to continue practicing some of the skills you have been working so hard on. Below is a BINGO card of possibilities. We hope you enjoy completing some of these activities. Maybe you will even come up with some of your own!

Have a wonderful Summer!

Here is a list of free websites that have math games that you can play. There are many more out there that you can play as well, these are ones that we recommend:

<https://www.factmonster.com/>

<https://www.splashlearn.com/>

<https://home.xtramath.org/>

<https://www.education.com/> (multiplication facts)

<https://www.mathplayground.com/> (division facts)

<p>Cook with a recipe Try doubling it or cutting it in half!</p> 	<p>Jump rope and skip count by 2s and 10s. Practice those multiplication facts!</p>	<p>Play a game with dice.</p> <ul style="list-style-type: none">• Multiply the dice• Add the dice• Subtract the dice
<p>Play a board game like Scrabble, upWords, Bannagrams, etc.</p>	<p>Just Read Something you enjoy</p> 	<p>Read aloud to a parent, a sibling, a stuffed animal, a pet or to the mirror</p>
<p>Play a game with a deck of cards</p> <ul style="list-style-type: none">• Multiply the cards• Add the cards• Subtract the cards	<p>Kick or dribble a ball for 20 seconds</p> <ul style="list-style-type: none">• Triple the time• Count the dribbles• Play catch and count the number of catches	<p>Build something with blocks or LEGOs, divide your creation into equal parts, anything remaining?</p>
<p>Sit outside and make observations about what you see, hear, smell, taste. See if someone can guess what you were watching.</p>	<p>Write about a favorite summer activity.</p> 	<p>Send a letter in the mail to someone you haven't seen in a while.</p>
