Outdoor & Field Trip Permission

Dear Parents, here at Mary Queen, we believe that gross motor skills are a very important part of every child's overall development. Because of this we have made the commitment to ensure our students have both structured and unstructured gross motor time daily. The wonderful thing about our facility is that we have so many options for the children to develop their gross motor skills. Some of the areas we use are our fenced playground, the black top lot by the music room doors, the grassy areas around the back and side of the school and Southland Park. Please sign and return the following permission slip that will be filed and used for each trip we take outside of our fenced playground. In addition to various outdoor activities, we will move throughout the building for our specials. What this means is that we will leave our licensed classroom and go to another classroom and or area. Since this is not an area or room, we go to everyday we will use this as our onsite field trips. These trips could happen in the following areas: the gym, the art room, the media center, the music room, the cafeteria or the church. Your child's teacher will notify you when they will be going to these locations.

Thank you,

Michelle Cobb

Pre-K Director
