BLESSING of the ANIMALS

**Saturday, October 6th
12 noon on the lawn**

St. Francis is the most popular Catholic saint in the world.

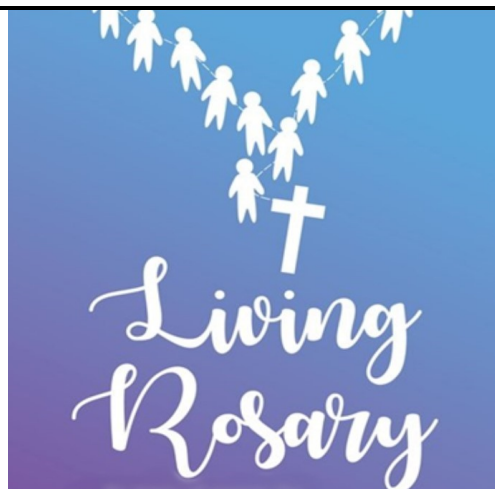

He preached to the birds; blessed fish that had been caught, releasing them back into the water; communicated with wolves (brokering an agreement between one famously ferocious wolf and the citizens of a town who were terrified of it) and he used real animals to create the very first, live, Christmas nativity scene. As a result, Francis is the patron saint of animals and of the environment.

LIVING ROSARY

**Saturday
October 13th
12 noon**

*At a Living Rosary,
the people represent the
beads of a rosary.*

Every person leads a prayer of the rosary.

Our parish has a giant sized set of Rosary beads that was created and donated in honor of Patrick Noonan. Each participant actually holds the bead for the prayer they represent.

The Living Rosary is a unique and fun way for us to pray the Rosary together as a parish. Everyone is welcome to participate - especially children and those who are new to the Rosary.

Please plan to join us on Saturday, October 13th at noon - the anniversary of the **Miracle of the Sun at Fatima**.

If you would like to help with this event, please contact the Rectory office CTKYonkers@gmail.com or 963-7474.

PLEASE NOTE: THE DATE HAS BEEN MOVED TO OCTOBER 13th.

RED MASS

The Most Reverend Gerald T. Walsh,
Auxiliary Bishop of the Archdiocese of New York
will celebrate the annual Red Mass
for the judiciary, attorneys, and
members of law enforcement and their families
on **Wednesday, October 3rd,**
at **OUR LADY OF MOUNT CARMEL CHURCH,**
92 S. Lexington Ave. in White Plains.
The Mass will begin at 6 p.m.

The Red Mass, which is open to the public, is sponsored by the
Catholic Lawyers' Guild of the Archdiocese of New York.
It is a solemn ceremony asking God to guide the legal profession
"toward the administration of justice."

The Red Mass dates back to Europe in the 13th century.
In the United States, it was instituted by the Catholic Lawyers' Guild
in the New York Archdiocese in 1928.

HOW THE MIRACLE OF THE SUN DAZZLED THE SKEPTICS

Over 100 years ago, unbelievers flocked to Fatima, hoping to see the Catholic Church humiliated.

They were in for disappointment.

The Miracle of the Sun at Fatima, which took place just over a century ago, on October 13, 1917, was one of the most stupendous, - if not *the* most stupendous event of the 20th century. And yet it is hardly known outside the Church, and not well enough known within it.

The people who braved the terrible rainstorm which struck Fatima that day had gone there because of the promise of a miracle. Exactly what sort of miracle they didn't know, but they knew that something exceptional was going to happen. Many skeptics and unbelievers were also drawn there in the expectation of a fiasco in which the Church would be turned into a laughing stock.

The previous July, Our Lady had told the three Fatima children that she would perform a miracle in October, and this sensational report spread throughout Portugal, ensuring a huge crowd was present on October 13, despite the appalling weather.

At noon, Our Lady appeared to the children, and after repeating her requests for the daily rosary, and promising that World War I would soon end, she said to them plaintively and sadly:

“Do not offend the Lord our God any more, because He is already so much offended.”

Then, while the three seers saw visions of the Holy Family, the crowd of at least 70,000 people were mesmerized as the Miracle of the Sun unfolded. What happened was so incredible that even non-believers couldn't deny it, as this report, which appeared in the secular Lisbon paper *O Dia*, indicates:

“The silver sun ... was seen to whirl and turn in the circle of broken clouds.

A cry went up from every mouth and the people fell on their knees on the muddy ground. ...

The light turned a beautiful blue as if it had come through the stained-glass windows of a cathedral and spread itself over the people who knelt with outstretched hands.

The blue faded slowly and then the light seemed to pass through yellow glass. ...

People wept and prayed with uncovered heads in the presence of the miracle they had awaited.

The seconds seemed like hours, so vivid were they.”

Eyewitnesses to the miracle said that the sun danced in the sky, the color of the whole landscape changed successively, and the sun seemed to come down towards them, so that many of the crowd thought it was the end of the world. It was also seen at a distance by various people, undercutting the idea that it was simply a collective hallucination. Something else that suggests that the miracle was genuine is that the people at the Cova felt the heat of the sun as it approached them. Their clothes and the ground – which had been soaked by the torrential rain – were dry at the end of the miracle.

A point worth noting is that many of the witnesses thought it was the end of the world, so terrifying was their experience. So we might see the Miracle of the Sun as a foreshadowing of what may actually happen at the end of the world, and an indication that we are living in a time of crisis, of judgment, when we are called upon to stand up for the Church and for the truth.
