Kenna Millea is a Licensed Associate Marriage and Family Therapist, with degrees in Theology and MFT from the University of Notre Dame and Saint Mary's University of Minnesota. In the past decade, she has worked in churches with children, adults, and families, served as a hospital chaplain and now works with individuals and couples out of her private practice in Edina. She and her husband are parishioners of St. Joseph's with their six (soon to be seven) hilarious and chatty children.
