Dear Church of St. Joseph Parish Community,

St. Joseph's Catholic School is a very important ministry of the Church of St. Joseph. I am very blessed to be part of this parish community as Principal of the school. I would like share with you some reasons why families make the choice to send their children to St. Joseph's School.

First, St. Joseph's School is a safe place that reinforces what parents, the primary educators, teach their children at home. Their children practice and grow in their faith at school through daily faith formation and religious instruction, through prayer and devotions, by attending Mass, visiting the Adoration Chapel, and participating in the Catechesis of the Good Shepherd Program. Our school has the largest and most extensive Catechesis of the Good Shepherd Program in the Archdiocese.

Second, families are extremely pleased with the quality academic instruction their children receive at St. Joseph's School. We are fortunate to have a very experienced faculty, knowledgeable in the areas they teach and able to engage students in learning by embracing the differences in their learning styles. In addition to religion, reading/language arts, mathematics, science, history/social studies, students at our school receive instruction in art, music, physical education, Spanish and computer applications. The school's STEAM program challenges students to use their critical thinking skills integrating science, technology, engineering, art, and mathematics in a dedicated maker space classroom.

Finally, families share with me that the spirit of community at St. Joseph's School is like no other. New families are welcomed into the school and supported in the common mission of educating and forming their children into saints. The spirit of volunteerism and engagement of parents and grandparents in our school is tremendous.

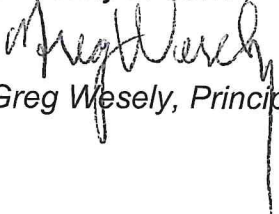

As a parish school, we are committed to making a quality Catholic education affordable through a subsidized tuition rate and a robust financial assistance program. Families who desire a faithfully Catholic education have the affordable opportunity at St. Joseph's School.

I invite your family to learn more about our school programs and community by attending one of several Preview Nights and an Open House being held in January. A schedule of the dates and times of these events is included in the parish bulletin.

I am especially grateful to Fr. Creagan, Fr. Wratkowski, and the parish community for their daily support as we strive in our school mission of educating students through faith formation, academic excellence, and the development of virtue to be disciples of Christ.

Thank you and may God continue to bless our parish and our school. St. Joseph, pray for us!

Sincerely in Christ,

Greg Wesely, Principal
