CMG Connect Safe Haven

is an online program that requires **employees and volunteers** to watch videos and answer accountability questions at the end of each segment, submit to a background check through CMG Connect initially and then re-certify in 5 years. The training can be done on a person's own schedule and no in-person training is required which is a time-saving effort by not having to wait for a VIRTUS class in your area. The CMG Connect Safe Haven videos are available in English and Spanish. Background checks are done through the CMG Connect portal with a company named Selection. Users will complete their own personal information which eliminates any paper forms and ensures the security of individual's personal information. The background check is processed after meeting all of the requirements with the curriculum and the "meets criteria or does not meet criteria" results will be ready to review from the administrator dashboard. This process ensures user's data cannot be compromised since the background check cannot be edited. Background checks will be required every 5 years. Please go to our website and scroll down on the right side, you will see CMG Connect. Click on CMG Connect and you will be able to complete your information there. You will need to complete the safe environment section and then complete the background and then submit it. If you have any questions, please feel free to contact the church office.
