

RADICAL SOLIDARITY-

“Radical solidarity compels us to come alongside vulnerable mothers in profound friendship, compassion, and support for both them and their preborn children. It requires us to address the fundamental challenges that lead an expectant mother to believe she is unable to welcome the child God entrusted to her. We must do all we can to provide mothers, children, and families with the support they need to flourish. This cannot be accomplished by laws or policy alone, but requires the continued transformation of our own hearts, recognizing in every person the face of Christ, and placing their needs before our own.” USCCB
