

HOME

We realize some parents may still feel uncomfortable about their child(ren) returning to the school building during the pandemic. We understand and want to support your family's needs. The following guidelines will be used for families requesting to have their **HEALTHY** child complete their work at home. (Children who are out sick will receive work when requested per our attendance policy.)

<p>HOME</p> 	<p>A commitment from the parent to have the student complete work from home will be made for one trimester at a time. St. Peter in Chains~HOME will begin on September 1, 2020. The Remote Learning Academy will run from Monday – Thursday. The certified teacher/instructor will work with the parent and student to develop a schedule that meets the needs of everyone.</p>
	<p>Tuition and/or fees will continue to be withdrawn from the parent's FACTS Management account while their student is participating in the St. Peter in Chains~HOME classroom. (This does not affect your child's eligibility to receive state, parish or Archdiocese scholarships.)</p>
	<p>The certified teacher/instructor will develop a schedule with the parent and student. Teachers/instructors will respond to student or parent questions via email within 24 hours.</p>
	<p>This option will be available as long as the parent does not feel comfortable having their child(ren) in the school building.</p>

If you would like to request your child to participate in the St. ~~Peter~~ Pete in Chains~HOME program described in the above chart, please email the school office at schooloffice@stpeterinchains.org by August 10, 2020. A form will be required for **HEALTHY** students to be able to take the remote learning academy.
